

RECENTED !

HELLO ALL YOU HUMANS OUT THERE! My name is OLLIE and I'm an octopus, you may have heard of me!! I've been sucking around this town of yours for 8 years now so if you haven't, you're obviously suffering from some form of psychiatric disability. Nevermind, I'm sure it's nothing a few thousand volts twice a day through your nasal passage wouldn't fix!

Now, my pa wanted me to be a deep sea oceanographer, "Boring" I said, "I mean, fuck that!" So I became a god instead, and I might add, founded the very first unholy church in Australia, aptly named The Unholy Church Of The Octopus. We now have over 200 followers across Australia & parts of N.Z., preaching athiest's rights where-

ever we go.

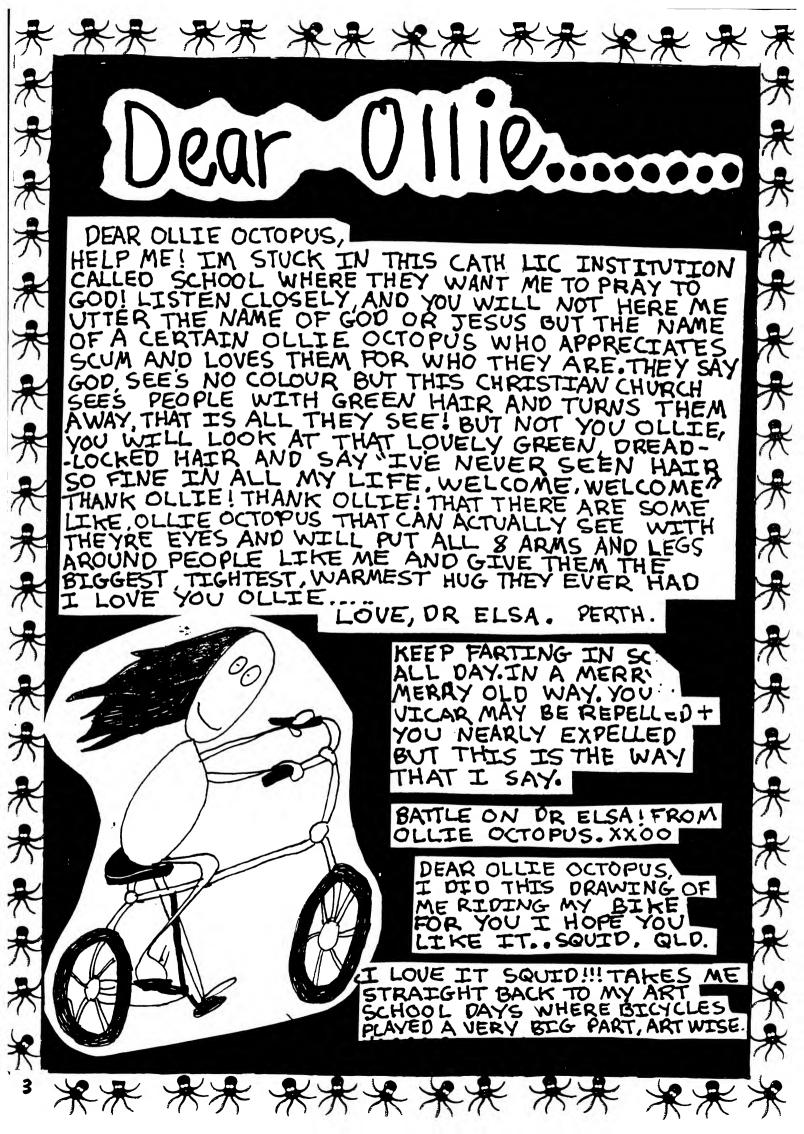

Apart from the occasional days when I have to prostitute myself to fund the church and keep it active, my job is pretty cruisey. See, unlike other gods: (all union members), I don't want ya fucking devout faith shit unless it's in jest. That just makes my job more demanding. Adore me however you see fit, just don't bring me into it, that's for holy gods, & I ain't no fucken holy shit. I promise you nothing but a good chuckle, the only miracles I perform are in your head. So, if you don't treat me like Jesus, I won't treat you like a dumb sheep joining a cult that's blinded by faith.

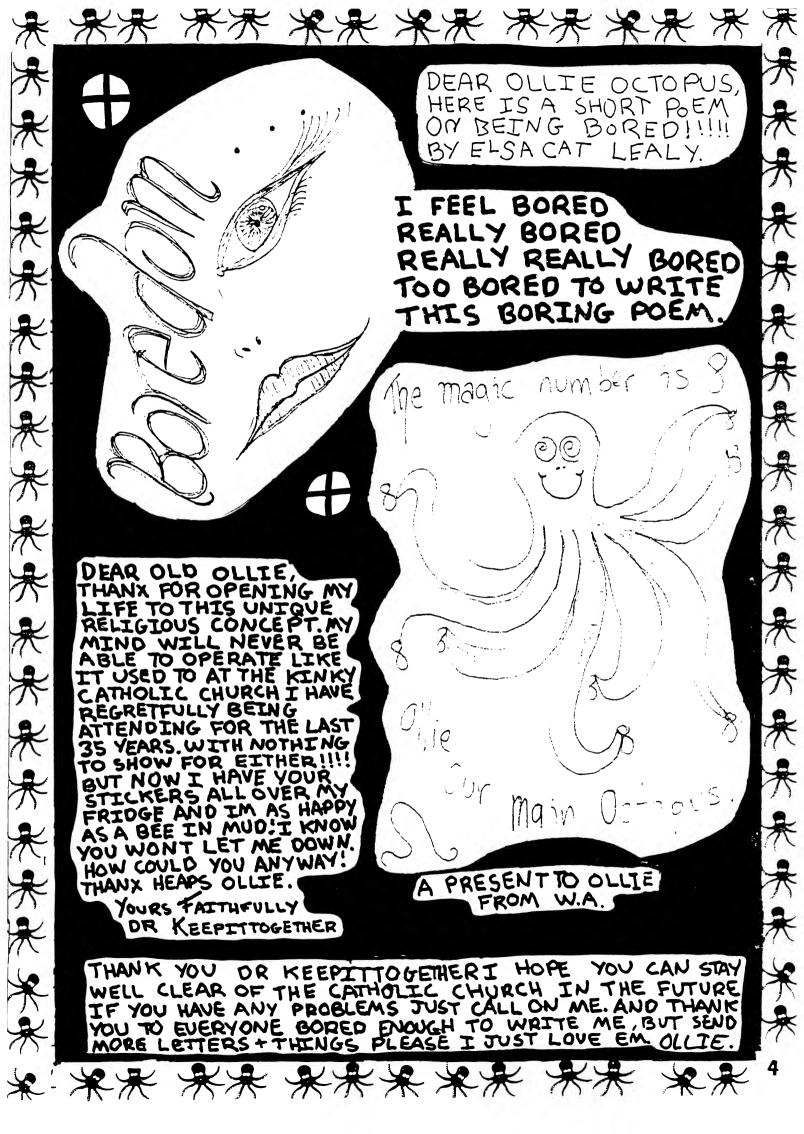

Follow these easy guidelines and then I think we'll get along just fine. Oh, if you do want something from the church, ask the high priest's or priestess & they'll sort it out. Me, I'm on a well deserved holiday for the next 3 weeks in Acapulco. More to the point, I'd like to introduce our first newsletter. Our high priests & assistants have done well considering the lack of material, so subscribe & then submit. Oh, & go to it's launch at the Glebe Rowers club on May 7th, \$5 for 6 cool bands. And it is true, I do love you all, especially scum. I am everywhere watching myself!!

Yours with much unholiness

HE TOLD ME THAT OLLIE WAS WATCHING ME SO I HAD BETTER WIPE PROPERLY, "OLLIE KNOWS ALL" HE TOLD ME. I AGREED AND GAVE HIM A BALL OF LINT SO HE COULD DO SOME MAPPING WITH THE BITS OF STRING. HE HAD TO FIND HIS NEXT DESTINATION YOU SEE. HE HAD TO SPREAD THE GOOD NEWS OF OLLIE OCTOPUS AND HIS FELLOW BROS THE NEXT PERSON HE CAME UPON WAS DANG BANANA. HE PRONOUNCED HER JUDGE AND SHE BLEW BUBBLES FROM HER MAGIL 米 PIPE WHICH HE COULD FLOAT UPON TO HIS NEXT DESTINATION, WHICH WAS EMMAS HOUSE. SHE WAS BUSY CLEANING HER BAGPIPES SO HE THOUGHT HE'D VISIT HER IN HER DREAMS WHEN SHE HAD SOME X FREE TIME. SO GOES THE STORY OF THE EXPANDING NO. OF BROTHERS WHO WILL 未 BE THE NEXT VISITED BY THE LOYAL DEFORMED DOG FOGGER? 米 FAITHFULLY YOURS ELSAºMº 米 I CAN SEE YOU HAVE MUCH SPIRIT AND UNDERSTANDING FOR OLLIE AND THE CHURCH'S PHILOSOPHY. WELCOME ELSA TULOTO NEEDS MORE MEMBERS LIKE X YOURSELF !!! EAT MORE BLOW FLIES OLLIE. O

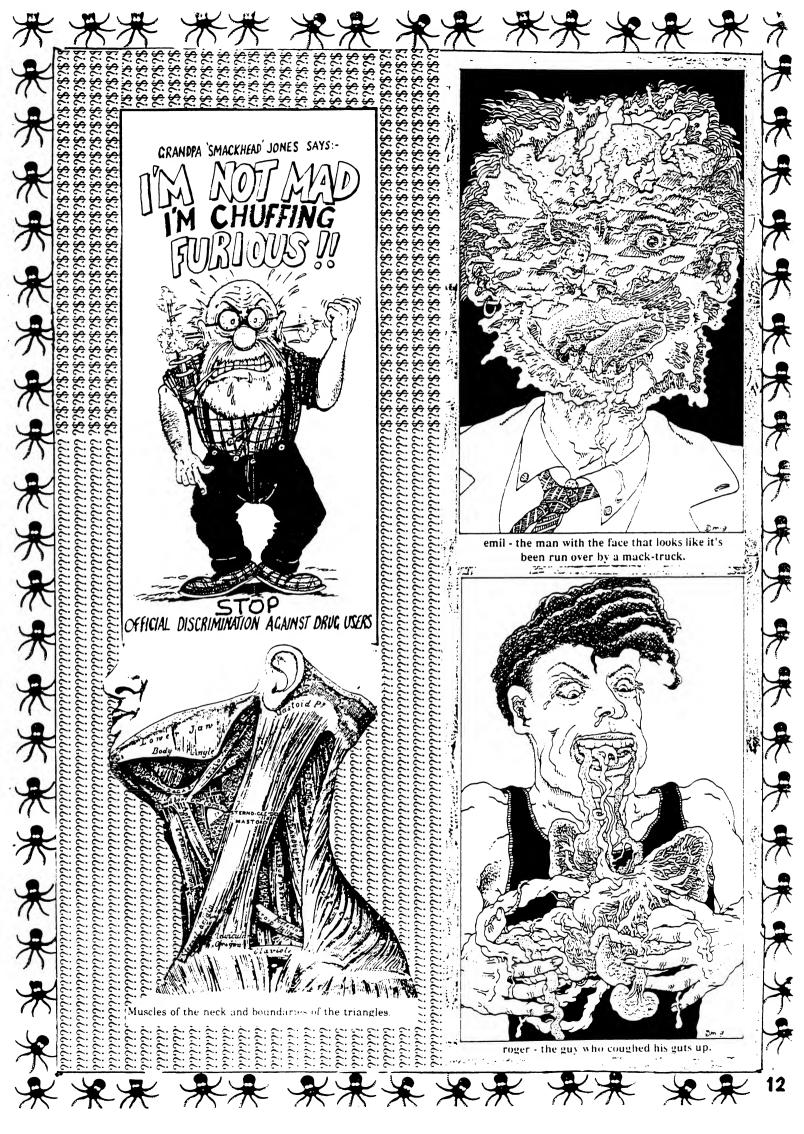

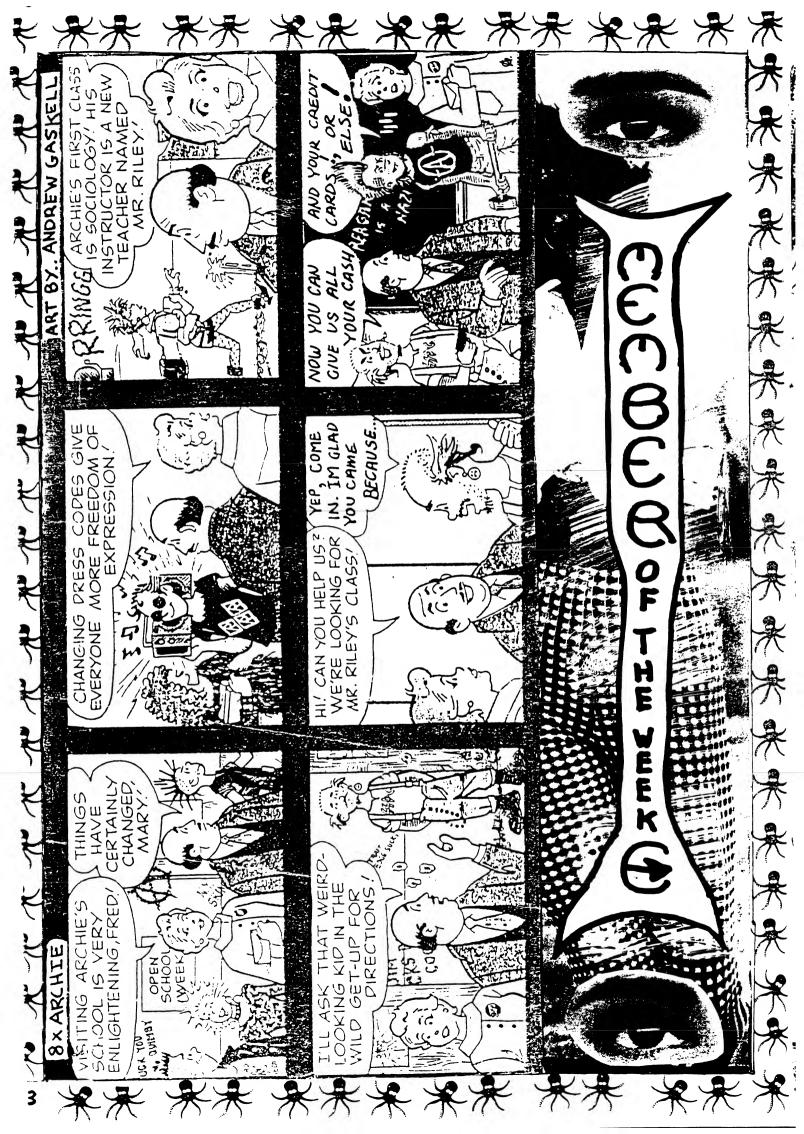

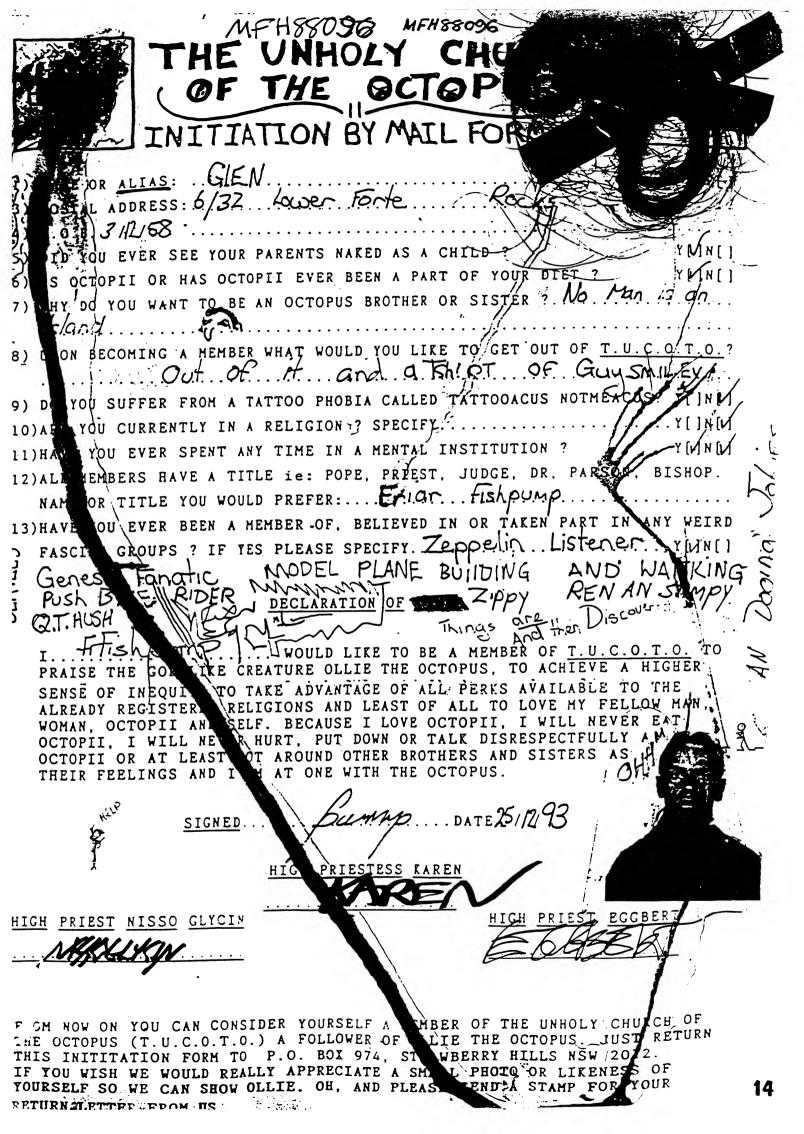

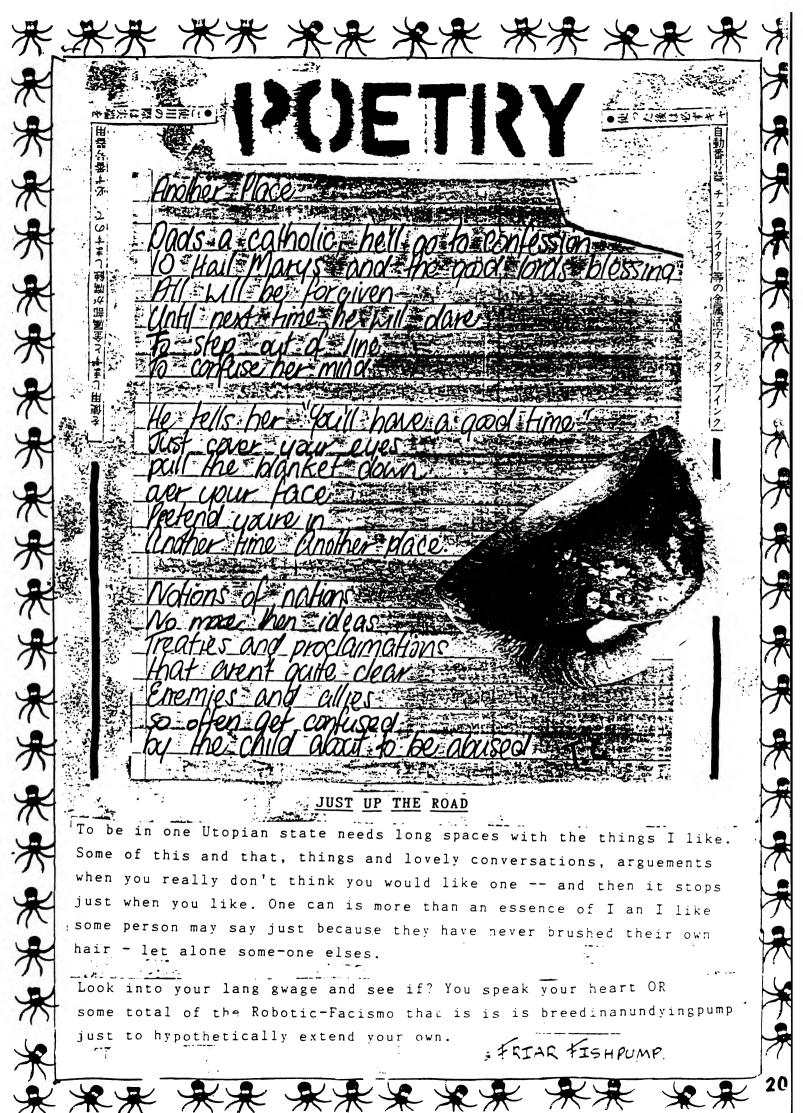

As with all good things there is always a corresponding evil and T.U.C.O.T.O. is no exception, Just as the christians have their satan, T.U.C.O.T.O. have the S.F.T.P.O.O.C. (Society For The Prevention Of Octopus Cults.), run by Archfiend Hangdog Pissinsink. Hangdog may be running solo but he is still clever & devious enough to create quite challenging obstacles and debates, keeping the High Priests on their toes at all times. This, I'm sure you'll agree is vital in such an easily corrupted and readily abused scene like religion.

So, for these reasons we could not go to print without showing Mr Pissinsink's point of view. An extremely rude and revolting old man, Hangdog Pissinsink is however an intelligent rival, unfortunately he lacks the ability to support ideals until they're well recognised & accepted by the masses that influence him & retain his respect. Read on at your own risk.

Commetil of High Priests at T.U.C.O.T.O.

THE TRUTH ABOUT T.U.C.O.T.O ACCORDING TO S.F.T.P.O.O.C!!!

And it came to mass that two bored young losers stumbled across a pink stuffed by one night whilst searching for their "Scruples" board game. Now the evening had already usen one of optimum stimuli for the poys. Two games of scrabble, a particularly rivetting episode of Hey lad & several piping hot cups of milo had them firing on all their (somewhat inconsiderable) cylinders.

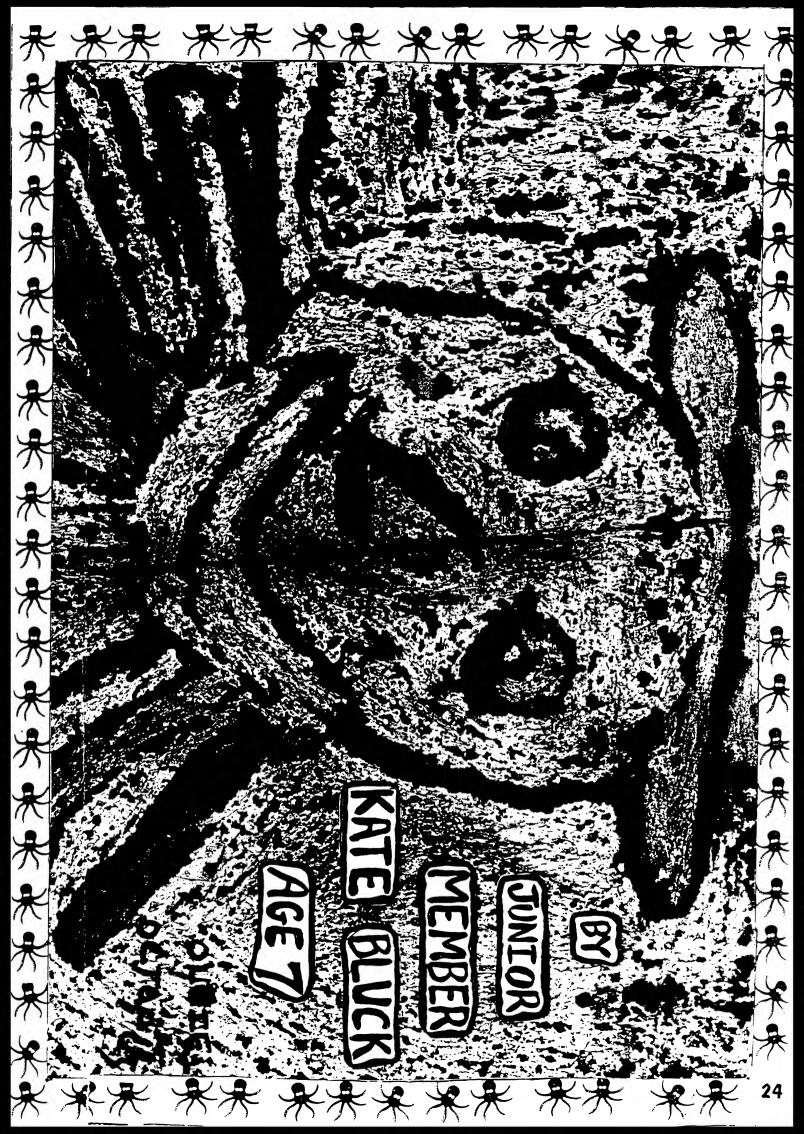

In a flash it came to them that this toy could offer them redemption from their dire poverty & give them a social status, the likes of which they had only glimpsed on reruns of Dynasty It went like this, if people are willing to purchase pet rocks in droves, might they not also be prepared to worship at the altar of a pink stuffed octopus.

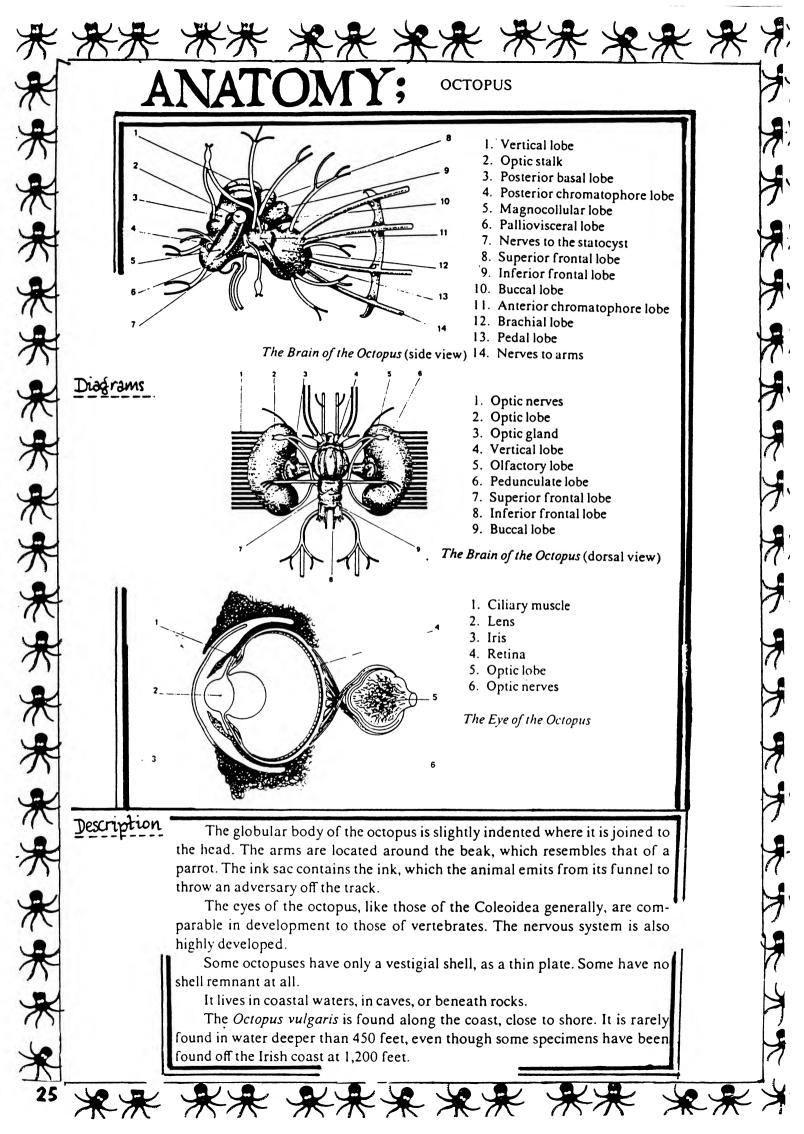

For their plan to succeed they realised they would need to recruit someone with a basic command of the english language. Thus the boys laid their first entrapment. Inviting a friend around with the promise of an evening of fun and frolics, they soon had her dangerously close to comatose with their light social banter. Once in this impressionable state they set to work with their indoctrination. By dawn their task was complete & the three of them now collectively put their heads together for the job ahead.

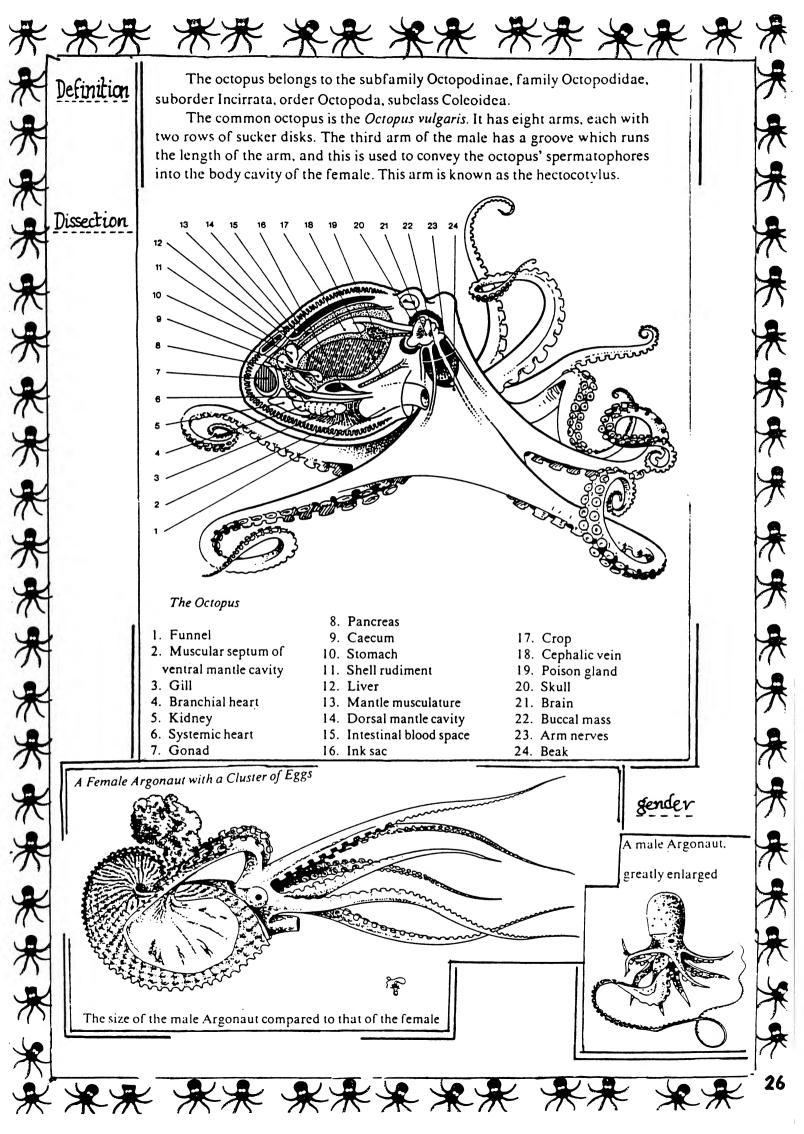

It was now essary that they conceal the true nature of their own private lies, for if the mind numbing tedium of their existence were to be ome known, they knew their plan stood no chance of any success.

They set out to concoct a veil of deception, pretending to freely partake in a great variety of both licit & illicit substances, putting about rumours of wild sex parties held in their house, (often incorporating strange barbaric rituals) and offered payment to certain charasmatic individuals to be seen publicly in their company. All this effort would however be for nought if they could not come up with a bait to lure the masses to their well of folly. They reasoned (the term is used loosely) that if the benefits that are normally only available to the privileged few in churches were to be promised to all church members, this should suffice. They were naturally very careful not to spell out exactly what these privileges were or how they planned to make them readily available. Some time passed & for all their labours they had only netted a very small handful of followers. Clearly they would have to increase their efforts considerably. Firstly they established their first temple (cleverly concealed in a Dept of Housing block in inner city Erskineville). Next they embarked on a propoganda campaign so extensive it's likes have not been seen in this city for some time. Graffiti, stickers & handbills filled the streets singing the praises of the Octopus. They also dealt harshly with any competition on the street level & there is strong evidence to suggest they had a hand in the sudden disappearance of inner city cult figure/poet Scratch My Nose. Still the expectant masses were not beating a path to their door. Clearly they needed to broaden their net. A second temple was set up - this one in the north coast town of Lismore. This event they trumpeted as another sign of their growing popularity. The truth is that everyone from the Divine Light Mission to the Flat Earth Society has prospered in the new age ambience that permeates the NSW north Finally they achieved what to date has been their coup de grace. An advertisement in Eddie magazine with free sticker inserted. Their message was now going out across the whole country they felt. And this, dear reader, is probably where you come in. We here at Deviates Ready Who Hata Ollie (DR WHO) can help. We are here now to offer a comprehensive desprogramming service should any of your loved ones be enshared by these fiends. We can be contacted at P.O. Box 974, Strawberry Hills, NSW 2012. Don't hesitate - write today. Signed DR WHO aka Mr Hangdog Pissinsink for the Society For The Prevention Of Octopus Cults

THE END, ISSUE ONE. Well done fellow cosmonauts, glad to see you made it to the end. Your free chocolate banana can be collected at the benefit gig (7th May, Glebe Rowers Club). Be sure to keep this sloppy publication as it will soon be very much desired by members of the world famous "Ludicrous Literature For The Clever Person Assoc." & the not so well known "Society Fot Literature By The Obsessed" both known to pay large sums for rare shit!!

There are five more of these elegant publications scheduled for print and we hope this modest issue one will inspire youse out there to want to improve it's quality by sending in lots of fab and exciting contributions. As Lady Mary Fairfax once said to me whilst handcuffed to my coffee table "Let me go or else" followed quickly by these words of wisdom "listen fuckface!, without a variety of input from many diverse contributors your newsletter will always be bland! Now let me go or else." So you see we depend on YOU so don't be shy.

Last but not least T.U.C.O.T.O. would like to take this opportunity to thank everyone, not only those involved with this publication but all who have shown outstanding enthusiasm for the growth of the Church by helping in the many time consuming jobs around the chapel (still more slaves are always required) the list as follows; IN NOORDER!
